Category:Biological processes Category:Living systems Category:Technical analysisLetter from Boston Dear friends, It is with great pleasure that I am here to introduce you to the speakers at this year's event. Thanks to everyone who is going to be part of the program, and to all of you who will come to speak, listen, eat, and have fun. Joel Przybilla, PhD Joel Przybilla, PhD, of Harvard Medical School, is an experienced clinical scientist who trains doctors, nurses, and students to be the next generation of physician scientists. He has published more than 160 scientific papers, received more than \$1 million in research awards, and has been cited more than 16,000 times. He is founder and director of the Integrated Training Program in Translational Medicine, a member of the Thoracic Surgery Department at Brigham and Women's Hospital, and a member of the Executive Committee of the Harvard Catalyst Translational Research Initiative. He has been an invited lecturer at various international meetings and was a member of the scientific advisory board for the 2010 MIT Translational Research Institute. Joel is interested in combining scientific discoveries with practical applications to improve the quality of life for patients. He is particularly interested in studying how breast cancer and other solid tumors develop and spread in the body, where molecules can be turned into drugs to inhibit growth or kill cancer cells. He is also interested in discovering how existing treatments might be improved. He is the author of more than a dozen scientific papers and reports. Ruth Papkoff Ruth Papkoff, MS, CFA, has been a financial advisor for more than fifteen years, working with clients to develop a personalized approach for saving money and improving their financial situation. She has more than twenty-five years of experience helping clients find the best solution to their financial problems. Ruth is a director and strategist with RPP Wealth Management, where she helps clients to reach their financial goals and create the life they want to live. She is a frequent speaker, appearing at conferences and symposiums, and she is a featured blogger for many media outlets. She is a member of the CFA Society of the Pacific, the Mass Society of Certified Financial Analysts, and the Society of Registered Financial Analysts. Karen Bowen Karen Bowen, MBA, is an accounting and business consultant with a unique ability to help people 82157476af
